Technical Skills

- Accessibility
- HTML
- RXJS
- Angular
- JavaScript
- Test Driven Dev.
- CSS
- PHP
- TypeScript
- Gatsby
- Redux
- WordPress

Work History

Royal Bank of Canada

May 2021 - Present

I work with a small team of developers maintaining and improving an Angular-based internal app used across RBC. I regularly work with Redux, RXJS, TypeScript, and Jasmine. The division is an Agile environment which focuses on Continuous Delivery and Test Driven Development.

During my time on the team, I have undertaken through Accessibility audits of our app and identified several key fixes. I also identified a major bug in RBC's mobile app which, when fixed, resulted in improved customer conversion rates.

St. Joseph Communications

Aug 2016 - May 2021

Working closely with content and design teams, I led development of WordPress sites for [Toronto Life](#) and [Fashion Magazine](#), [Canon](#), the [Canadian Senate](#) as well as the personal site of [Senator Yvonne Boyer](#). I also built a major redesign of the digital division's [corporate site](#).

Agency Undone

Nov 2015 - July 2016

Developed custom WordPress themes and plugins for a variety of clients.
